

# BUYING GUIDE • Desktop Stapler

Desktop staplers come in a variety of sizes and designs. When making your selection, consider how you staple: Do you grip the stapler in the palm of your hand, or do you use it on your desk?

## Grip Staplers:

- Select full strip or half strip (compact) size for a perfect fit.
- Ease of use – look for durable handles with soft touch accents for comfort.
- Plastic construction offers lighter weight.

## Desk Staplers:

- Capacity - Choose a desk stapler for every day use with a capacity (from 15 up to 70 sheets) that fits your needs.
- Styles and colors to fit your décor.

## Portable Staplers

- Smaller size staplers to fit in purse or briefcase.
- Clips that allow you to attach to briefcase or backpack.

## FEATURES TO LOOK FOR

**Construction** – all metal for durability

**Reduced Effort Technology** for lower operating force

**Jam Free Technology** for high performance stapling

**Staple Loading** – Front load offers easy, quick staple loads

**Reduced effort technology** requires less force to push the staple through a stack of paper.

**Flat Clinch** for neater stacking

**Anti-microbial Product Protection** finish for peace of mind
