

# BUYING GUIDE • Staples

Choose the right staple for the type of stapler you are using and choose the staple size that corresponds with the number of sheets you will be stapling.

## WHEN SELECTING STAPLES, CONSIDER:

### FOR DESKTOP AND STRIP ELECTRIC STAPLERS:

Premium staples provide superior performance in a stapler. Not all stapler jams are caused by the stapler -- some are caused by the staple itself. It's worth the money to prevent jams and frustration by buying premium staples.

**HEAVY DUTY STAPLERS:** Use different size staples for different sheet capacities. Make sure you have the largest staple size to maximize the potential of your stapler.

**FOR SPECIALTY STAPLERS:** Make sure you are using the correct staple. These often take specialty staples.

## CHOOSE THE RIGHT STAPLE:

### Standard Clinch

Are used in most desktop staplers.

### Flat Clinch

Are used in electric and desktop staplers. Improves stacking of multiple documents.

### Crown Staples

Are used in specific staplers. Improves holding power.

### Undulated Staples

Are used in specific staplers. An offset crown with improved holding power.

### Cartridge

Can hold up to 5000 staples. Used in electric staplers.

ID No.	Staples	Fits Machines	Sheet Capacity	Strip Count	Staples Per Unit	Unit	Price
1	UNV-79000	Standard Chisel Point	All staplers holding a full strip of 210 standard staples	20	210	5,000	BX 2-44
